Welcome to CS 03, The International Conference on Coastal Sediments 2003!

Coastal Sediments '03 is a multi-disciplinary international conference convened for researchers and practitioners to discuss science and engineering issues of coastal sediment processes. The conference will provide a high level technical forum for exchange of information among the fields of coastal engineering, geology, oceanography, meteorology, physical oceanography, and biology.

Organizing Committee:

Richard A. Davis, Committee Co-Chair
University of South Florida, Tampa

Asbury Sallenger, Committee Co-Chair
U.S. Geological Survey, St. Petersburg

Robert Dean
University of Florida

Peter Howd, Technical Review Committee Chair
